- Transitioned to second round of shots
- About 9,000 shots administered in total at the Summit
- Program has been terminated at the Summit because the vaccine is now available at other locations
- Many Canton departments were involved in running the vaccination site along with many volunteers
- Still have a testing trailer at the Heritage Park North Pavilion
 - Open Monday, Wednesday, Friday and Saturday Mornings

B. Liberty Fest

- Since there have been no changes in the capacity of outdoor gatherings, Liberty Fest 2021 has been canceled.
- The hope and goal is to do a community celebration in the fall with fireworks since the company is allowing us to use the money paid in 2020 towards 2021.
- Looking into possibly doing a week of activities with fireworks on the last day
- Open to looking at partnerships in a different capacity such as the pancake breakfast and liberty fest run
- B4 is still happening as planned

- Look into live streaming concerts or taking donations online or pre-register for events such as International Fest
 - Careful not to conflict with Fall Fest in Plymouth
- C. Summit Operations
- Mask requirements have changed for outdoor gatherings
 - Canton is waiting for clarification from MDHHS and CDC before changing our requirements
 - Canton still requiring masks to be worn
 - Copper roof is completed
 - Water has been put in the pools
 - Working on re-certifying lifeguards

 - Splashpad (Heritage and Flodin) to re-open Memorial Weekend
 - Summit still has lower participation (about 25%-30%). Expecting numbers to go up once amenities start to open

VII. NEW BUSINESS

A. Peer Fit

- Programs through insurance companies to pay for senior or 55+ summit memberships
- Had Silver & Fit in the past but are no longer in the area

- No cost to the Summit
- Users are required to attend at least once a month
- Staff must provide reporting to Peer Fit
- Summit will receive \$23 per membership including residents and non-residents
- This is about a \$10 loss for resident cost and about \$30 loss for non-residents
- Cannot upcharge for nonresidents to make up the difference
- Prior to the pandemic, Summit was dealing with overcrowding. Currently at 25-33%.
- Looking for group's perspective:
 - Chris Falco is a member of a similar program. Great for the user. Will send Greg info on his program. If predict we are going to get back to normal and be overcrowded, we do not need this type of program
 - Vijay – Unsure about the report and sharing information
 - Beth – Concerned it's more work than it's worth
 - Rob – Concerned if we accept one we will have to accept all. Summit needs to take its time and find the right fit
