OBTAINING A SIGN PERMIT

1. Applicant must submit a fully completed sign application, including the zoning district, and address or parcel ID Number of the sign location. (See fee schedule)
2. One plot plan or site plan must be included for a ground sign installation. These plans must show the setback to the outermost portion of the sign.
3. If submitting for a wall sign permit, a cross-section drawing should be included.
 - Setback from right-of-way of structure to which wall sign will be affixed: _____ ft.
4. Submit one drawing, showing the following:
 - Overall size
 - Width or depth
 - Overall height as measured from ground level
 - The description or display of the sign
5. Before a sign permit is issued for an internally illuminated sign, applicants must obtain an electrical permit. Applicants must be a Michigan licensed/registered sign specialty contractor or electrical contractor.
6. Separate sign applications are required for each sign installation; however, more than one sign of the same type and size may be included on the same application.
7. Temporary signs may require a bond, which will be refunded once the applicant gives written notification that the sign has been removed.
8. Applications for **temporary signs/banners MUST be paid for (by check or money order)** when the application is submitted.
